Twelve more days, then the election.

During the last five days of the campaign Mr. Beckham has appointments to speak at forty different places.

It is funny to see so many anxious inquiries interviewing Mr. M. Roy Yarbber, seeking consolation and finding none.

If you want to vote for Rollin Hurt for Circuit Judge, and differ with him politically, stamp in the cross, y, on the stamp.

John D. White is coming down the home stretch on the independent track lead for Congress. He has no inclination to take chances in packed conventions.

The Republican county Convention last Thursday was not very harmonious, but the late additions to the party will succeed in smoothing the troubled waters.

Rollin Hurt's candidacy for Circuit Judge continues to grow in favor and it is predicted that he will be elected. Not many who favor his candidacy remain from the polls.

Mr. M. Roy Yarbber tried London in 1900 with the minority party of the Legislature but refused last Saturday to try it again with the majority vote of the Republican convention demanding it.

Calvin Powers and James Howard have been removed from the Scott county jail to the Louisville jail for kidnapping. The jailer at Georgetown made an affidavit that he believed an attempt would be made to release them.

The supporters of Mr. Beckham and Mr. Hurt should remember that if there is an old Democrat in the neighborhood who is not in the habit of going to the election, that he goes to the polls on Tuesday the 3rd day of November.

The Democrats of Green and Taylor counties should roll up a large vote for Judge Patterson and E. Lee Durham. Judge Patterson has no opposition, but the larger the vote the happier he will feel.

Mr. Durham is opposed by "Roaring Bill" Sweeney.

James H. Tillman, formerly Lieutenant Governor of South Carolina, was acquired by a jery last week for murdering N. G. Gonzales, who was the editor of The State, a leading paper of the South. The verdict is generally condemned.

The Democrats of Taylor county should bear in mind that Mr. W. L. Meader is the nominee of his party for Circuit Court Clerk and work for him day and night from now until the election. He will make a good officer and there should be no question about his election.

The Masonic Grand Lodge of Kentucky is in session at Louisville. Mr. Owen D. Thomas, of Lebanon, will be elected Grand Master, and Mr. James Garrett, Jr., of Columbia, Grand Senior Warden. Next year Mr. Garrett will be elected Deputy Grand Master and the year following Grand Master.

Judge R. J. Breckinridge made a speech at Stanford in which he unequivocally expressed his determination to vote for Beckham and the entire ticket. He said that the courts had decided that Beckham was eligible and that it was now a dead issue with him. This was the talk of his scratching the ticket.

Immediately the majority part left for London while Mr. Hunter and his friends proceeded to re-organize and hold the convention in the hall they had vacated. Mr. Hunter is the nominee of that convention but whether he is the legal nominee of the party is yet to be determined. It is their trouble and they must adjust it. We know too little about Mr. Edwards and have heard too much of Dr. Hunter's dark lantern methods in politics to have any preference.

The Eleventh district Republicans seem to be a little at sea just now since their convention split wide open at Middleboro last Saturday, and the larger half adjourned to meet in London on Monday. Mr. Edwards, of London, aided by Mr. Stevens, of Whitley, organized the convention. They went up against Mr. Hunter and his allies and were victorious but before the committee on credentials had finished its work, a motion was made to adjourn to meet in London (Capital No. 2) on Monday. The vote stood 178 for the motion and 178 against it, the chair voting for the adjournment and removal, cast the vote that meant to pack grids and board the train.

The Republicans of this county held a convention at the court house last Thursday afternoon for the purpose of instructing delegates to the Middleboro convention to be held on Saturday, to nominate a candidate for Congress. Hon. L. T. Neat, who has been fighting for the Republican party in Adair since he reached his majority, was a candidate for the instructed vote of his home county, having announced through the Spectator that he was before his party for Congress. The convention buried Tom's fidelity to his party and appointed delegates and instructed them for Dr. Hunter. It may be that the convention did not consider Mr. Neat in the race, but was it just to slap a home man in the face? Tom Neat possesses tender feelings and his family and friends are built the same way, and he should have been spared the humiliation of defeat by his home county.

We are informed that Hon. H. C. Baker stated in his speech in Jamestown last Monday that he had hoped that he would have no opposition in his race for Circuit Judge, and but for the efforts of Mannie Tutt and Charlie Harris he would have had a clear field, as these two gentlemen were running Mr. Hurt. Now, in justice to Mr. Hurt, in justice to the many good citizens of this town and county, and in justice to the hundreds of good citizens from all parts of the district who petitioned Mr. Hurt to make the race, irrespective of political views, we declare Mr. Baker's statement a clear misstatement of the truth. Why such a statement should be made is unknown to us.

Mr. Baker's speech of favoring Mr. Hurt's candidacy, but the larger the vote the happier he will feel. Mr. Durham is opposed by "Roaring Bill" Sweeney.

James H. Tillman, formerly Lieutenant Governor of South Carolina, was acquired by a jery last week for murdering N. G. Gonzales, who was the editor of The State, a leading paper of the South. The verdict is generally condemned.

The Democrats of Taylor county should bear in mind that Mr. W. L. Meader is the nominee of his party for Circuit Court Clerk and work for him day and night from now until the election. He will make a good officer and there should be no question about his election.

W. W. Yates spent several days of last week at Edmonston.

JAMESTOWN.

There were more politics and less business in Jamestown last Monday than any opening of circuit court for several years. The supporters of Mr. Beckup were very industrious from early breakfast until noon, scattering campaign literature. We talked to quite a number of Democrats all expressing their belief that the Republican majority in the county would be considerably reduced. The Democrats are very much interested in Mr. Rollin Hurt's race for Circuit Judge and will do everything in their power to bring about his election.

When the representative of the News left for home Mr. H. C. Baker was presenting his claims for this position to a fair audience. Mr. Hurt was to follow Mr. Baker. There were a number of voters present especially to hear Mr. Hurt speak, and he believed that he would get a surprisingly good vote in Russell county. He is personally popular, and his qualifications for the office called for comment.

The brick work of the bank building is going up and the foreman stated that the building would be rapidly pushed to completion. It is to be finished in handsome style and will be quite an ornament to Jamestown.

The new jail building is also going going up. The foundation is about completed, and in four weeks the contractor hopes to have it under room.

It is located on Monticello street, one hundred and fifty yards from the public square. Russell county is very much in need of a new jail, as the old one is insecure, hard to tumble. Mr. J. J. Stone, son of Judge W. S. Stone, who went to Colorado about a year ago for his health was living in a very critical condition when a message was last received. His father-in-law Mr. Barry McKinley, informed us that he had no hopes and expected the next message to announce his death.

There were a number of male hoppers on the square, but there were but few head offered and wedid not learn of any sales, the buyers claiming that prices were too high.

Font Hill lodge of F. A. M. is now in good working order having conferred

ed the first degree on eight candidates at their last two meetings.

The Republicans are very active just now—some of them speaking in this neighborhood every week which shows they are uneasy. Meanwhile the Democrats are awing wool for November.

Your correspondent has been on the side lots for quite awhile which accounts for no report from here.

Mr. S. H. Kinley has been suffering with his knee, where a horse kicked him, for the last three weeks but is some better now.

Mr. C. M. Bault sold G. C. Russell 4 head of cattle for \$40.

Mr. Sam Bryant, of Springfield, Ill., visited relatives at this place last week.

Van Dunbar left for the South the 13th inst.

It seems that the stock law question is on a drag. Let every subscriber or correspondent and all others, interested in the good of Adair to express their views on this all important subject. We see from the papers that Alabama is leading us in this most important matter as they have passed a general stock law. Let not let the South lead us in this question. We favor an election on this subject as early as possible.

LETTER FROM F. M. ROBERTSON

PRECINCT, S. F., Oct. 11, 1903.

Dear Mr. Harris:

If you have a few spare lines in one of your columns will let my friends back in old Kentucky know where I am and how I am getting along in my wretched life.

On the 14th day of July I left Columbia for Louisville, where I was sworn into the U. S. Army. We were there only two days when we were sent to Jefferson Barracks, Missouri, where we remained until August 6, when we received orders to leave for this place. We came over the M. & P. Railroad, came through the Grand Canyon and many other places of interest, reaching this place August 11th.

We were assigned to the 6th Field Battery the 11th and are now permanently stationed or for a while anyway.

Our Battery will go to the Islands in about 18 months. It is one of the light batteries that has never been in the field.

Precinct is right on the entrance to Golden Gate all other sides by the city of San Francisco. There are about 800 acres in the reservation and at the present 20,000 of us stationed at this post. It is considered one of the best equipped and protected harbors of the world. The coast is lined with 15-inch guns and the bottom of the bay covered with explosive mines which by touching one electric button at the fire command, explode all of them in an instant.

There are only three light batteries and one squadron of cavalry located here the remainder being Infantry and Coast Artillery.

Our Battery is just back from a trip down the coast 120 miles where we have been the past 30 days on target practice. We made the trip coming back in 3 days march. Well this is all I know of interest at the present so I will wrap off.

F. M. ROBERTSON.

P. S.—Claude Allen, Young Hurt and myself are all in the same outfit and together most of the time.

The only strike that ever occurred in this part of the country was instituted last week when the carpenters, five in number, threw down their tools and quit work on J. N. Murrell's residence at 937 1/2 A. M. They made no demand for an advance in wages, had no grievances against independence, labor, neither were they members of the union on a sympathetic move. It was a quiet strike at once without any explanation. At first we were a little confused but an interview with each one revealed the fact that none of them meant harm to the employer. It was not a case of envy, as brotherly love prevailed. It was a misunderstanding wholly, believing the material was short the head man thought best to quit. He made no explanation to the rest so they all quit. In reality the strike was unnecessary for the team had arrived with at least 75 feet of siding, 40 feet of casing, enough to have kept the entire force at work for several hours.

Monarch coffee is always good.

We learn from the officers of the First National Bank, who were at this place last week, that the institution is doing fairly well for a beginner. The deposits, of course, are not heavy up to this time, but they hope to receive a liberal share of the business of this section of the State. One thing we are glad to mention, the two banks of this place are on the most friendly terms. Neither one is jealous of the other, the most friendly expressions coming from the two institutions.

Mr. Geo. W. Robertson will break up his bookkeeping lunacy after the election. His mother will live with her daughter, Mrs. M. S. Staples; his daughter, Miss Maggie, will enter college at Lebanon, Tenn., and he will board. Mr. Robertson has a nice building lot near the square, and will likely erect a residence soon. Mr. Robertson sold the residence and farm where he now resides some weeks ago, to Mr. S. D. Barber, who will take charge the first week in November.

Unsubd. copy of Monarch coffee.

Rev. Bill D. Watkins, of Milltown, comes to the rescue and gives \$500.00 to aid in building a Dormitory for the school in Columbia. Mr. Watkins realizes the worth of such a building; its tremendous bearing on the school and opens his purse and his heart to the cause. The above is his first contribution to the school and while it is a good amount, yet it is for a noble purpose and will be doing good long after he has gone to rest. Mr. Watkins is a Methodist, able to give and willing to aid a good cause. He will probably double the amount if necessary to complete the work.

Monarch coffee is always good.

The spirit of improvement has struck the business men of Columbia, nearly all the houses upon the square having been given a different appearance by fresh paint. The outlook for Fall business is good. The farmers have grown excellent crops, and from this class of people are doing well everywhere in the fall. The Columbia merchants keep large, clear stock of goods and are selling their wares as low as can be bought anywhere in the State. Our merchants and grocers, men, one and all, are first-class, interesting people and merit the trade they are receiving.

Monarch Coffee.

On the farms are the most hopeful generation of boys of which the world has knowledge. They are the very best of the nation. From this class will be recruited not only the successors of their fathers as managers of the farms and breeders of stock of this great nation, but future captains of industry, mighty merchants and talents for the halls of legislature, the boards of trade and all the duties of statesmanship. The children of these boys will make a great mistake, however, to teach them that they must leave the farm in order to succeed.

Come to Columbia and buy you a lot of ready-made skirts, which you will soon have two good schools. It is well known to the educational center of Southern Kentucky. An investment in real estate at this time is not only safe but will prove profitable. Mark this time and buy with Columbia with your bright future of schools, full of enterprise and free from the vice of money government and larger towns, is the place to make your home, to educate your children.

Case Valley, the second town in the general future of schools, full of enterprise and free from the vice of money government and larger towns, is the place to make your home, to educate your children.

Rev. F. E. Lewis, who is the new pastor of the Methodist Church, called to see us last Friday. He informed us that he would be the principal of the Training School which is to open January 1, 1904, and that he will be assisted by four other teachers. A music teacher has also been secured. Mr. Lewis is well pleased with the school building and the outlook for the opening term.

A committee is now at work, soliciting funds to build a large brick hall at the Methodist Training School. We understand that all but \$500 of the money necessary has been raised and if that amount is subscribed within the next few days Mr. Fletcher, the clerk man, promises to complete the building by the first of January.

Since writing the above we understand the contract has been let to Mr. Fletcher to be completed by January first.

Large audiences greeted Messrs. Tarter & White at the court-house last Friday and Saturday evening. They gave a very good entertainment, having many late scenes which were attractively thrown upon a canvas by one of their apprentices. The morning pictures, the descriptions of the recent naval battles and "My Old Kentucky Home" illustrated and sung, were especially appreciated. Messrs. Tarter & White need not be ashamed of their show, as it far surpasses many other like exhibitions seen on the road.

Mr. Bassett Hunt was discussing upon the ravages of the English-sparrows last Saturday and in the course of his remarks he said that he was satisfied that they destroyed annually for him twenty bushels of wheat and twenty bushels of oats. He is very anxious to have them exterminated, but thinks too indolent for the number to be even diminished.

It will be gratifying to my friends in Adair county to know that the membership in Rev. J. L. Murrell's district was increased more than two hundred last Sunday; that more money was paid in for home and foreign missions, and that pastor's salaries all over the district were raised. Mr. Murrell is the Presiding Elder of the Lebanon district.

The protracted meeting at Union closed last Sunday, and Sam Tate and Bruce who attended the evening service, report that much good was accomplished. Rev. Henderson, who assisted Rev. Sandridge, delivered convincing sermons and the song service was good. There were several proselytes and the church has been greatly revived.

Mr. John G. Sublett purchased the A. T. Bartlett farm, lying in Casey Valley, last Friday, for \$5,000. Full possession of the property will be given on Christmas. Mr. Bartlett will probably remove to Pennsylvania, his native State. This is a splendid grass farm and a very desirable place of property.

Mr. Cole will give possession the first of the coming year, and will remove from Adair county. He has not as yet decided upon a locality, but will probably go West.

Tom Lester, Leo Winfree and Jerry Bonar were indicted in the Federal court last week for retailing liquor in this place. All three confessed and were sentenced to serve 30 days each and to pay a fine of one hundred dollars. At the expiration of their present sentence they will take the insolvent debtors oath and be released.

SATISFIED.
The young heathen listened with gladness to the instructions of the young man who had crossed the trackless ocean to teach him the ways of civilization.
Then he waded in.
When he emerged from the scum and wiped the blood and dust from his eyes he saw the ball hurtling through the air.
Slowly removing his nose guard, padded trousers, leg fenders and heavy shoes the heathen remarked: "If this is civilization I believe I will cling to the more human and less bloody tradition of my head-hunting fathers."
Of course, being only a heathen he was unable to comprehend the beauties of our national fall sport.

Capt All Predictions.
J. F. Hughes was a candidate for county treasurer at Du Pont, Ga., but it was predicted that he could not live six months. He was afflicted with a running abscess on his lung and suffered for three years; his life resembled in the balance when he heard of Dr. King's New Discovery for consumption. He tried it and was finally cured and thus upset the predictions of all who knew him. It is positively guaranteed for Throat and Lung trouble by All Druggists. Price 50c and \$1.00. CREELSDORO.
Last Thursday afternoon Mr. Jas. Black, a promising and industrious young man, was married to Miss Cecil Haynes, the beautiful daughter of Mr. Arnold Haynes, of near Mosteller. Only a few special friends witnessed the ceremony which was beautiful and impressive, performed by Rev. Mitchell at the home of the bride's father. Immediately after the solemn vows had been pronounced the happy couple and their friends left for the home of the groom where a magnificent supper awaited them. This popular young couple were the recipients of many handsome and useful presents. Mr. Black's many friends congratulate him upon winning his companion for the life he is to spend with the traits that go toward making a noble and beautiful woman. May their journey through life be long, prosperous and happy be the wish of their many friends at Creelsboro.

End of a Bitter Fight.
Two physicians had a long stubborn fight with an abscess on my right lung," writes J. F. Hughes, of Du Pont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely gained my health." It conquers all Coughs, Colds and Throat and Lung trouble. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

THE gum shoe methods of the oleaginous Dr. Godfrey Hunter, manager of the Republican campaign in Kentucky, will not fool any Democrat. The impression he is trying to create that the Republicans are disinterested and are taking but little interest in the campaign, will be taken for what it is worth. The Republicans are neither disinterested nor inactive. They are taking more than the usual interest in the campaign and are resorting to unusual methods to increase the Republican vote in the State. A large number of names have been furnished by registered at Louisville and it is not unlikely that they will be a large proportion of the vote secured in the campaign of the government. They will encourage in the work of a Democratic party very liberal action. The Democrats are only a group of the great masses and corrupt tactics.
